Subject: Fall 2012 Veterans by City and Zip Code

Students identified as any Veteran Code in the Banner Cohort table with an active indicator who were enrolled in fall 2012 were included in the analysis. This resulted in 359 unique students. The students' city and zip code of residence were identified so the Admissions and Records Office can make contact with community resources to develop better referral services and interventions to support our veteran students. A full list of cities and postal codes where De Anza veterans reside was also provided.

The top cities in which veterans reside include San Jose, Sunnyvale, Santa Clara and Mountain View.
